End of Life Notification

Dear Madam, Sir,

As part of our ongoing product development and product life cycle process, and in order to continue to provide high quality satellite transmission products, Newtec is updating its consumer VSAT equipment product line.

At this time, we are announcing the discontinuation of sales of the products listed here below:

Discontinued Products	Recommended Replacement Solutions ⁽¹⁾
ANT2030 1.2m Ku-band antenna	ANT2035 1.2m Ku/Ka-band antenna

⁽¹⁾ The proposed replacement solution may not be a form-fit-function compatible replacement. Please check out the info on our website www.newtec.eu, or contact your sales representative for any further information

The ANT2035 is a functional replacement for the ANT2030. As a consequence, Newtec will stop the production of the ANT2030 antenna.

If you would like to make final purchases of the ANT2030, you may place a purchase order that becomes binding and non-cancelable once accepted by Newtec. Newtec reserves the right to limit and allocate quantities in the event demand exceeds supply.

Large quantity orders of 200 (20ft container) or 400 (40ft container) ANT2030 antennas, can be accepted until the End-Of-Sales date.

Laarstraat 5
B-9100 Sint-Niklaas, Belgium
Tel: +32 (0)3 780 65 00
Fax: +32 (0)3 780 65 49
www.newtec.eu
sales@newtec.eu

ANT2030 sales in low quantities will continue until stock exhaustion. The remaining available quantities are limited at this point in time, hence customers willing to order more ANT2030 antennas are recommended to contact Newtec sales administration for a committed order reservation.

Timelines ⁽²⁾	Date
EoL announcement	January 16 th , 2017
End of Sales (last day of order intake)	April 16 th , 2017
End of Service	April 16 th , 2020

⁽²⁾ Unless other contractual obligations apply

Unless otherwise agreed upon between Newtec and the customer, Newtec shall use its reasonable efforts to provide technical support services and repair services till the End of Service date, or to offer an alternative product of similar or greater functionality. These support and repair services and materials will be billed at the then-current rates and prices in effect at the time of the performance of the services.

Please visit our website: <http://www.newtec.eu/support/end-of-life-products> for a full overview of our EoL policy.

If you have any questions, please call your account representative or contact our Service Desk (<http://customersupport.newtec.eu>). We appreciate your cooperation and look forward to serving your needs in the future. Thank you for your continued support.

Bart Baekelandt,
Product Manager
